

Medical Specialists for Denmark

Combining job and family
37 hour week

*Interested in an activity with time for the individual patient?
Interested in a balanced relationship between work and leisure?*

RECRUITING DAYS:

29/10/2015 - PADOVA

30/10/2015 - ROMA

As a specialist

In Denmark, you will enjoy the advantages of a 37 hour week, outstanding care and education opportunities for children and young people, good job options for your spouse and, not least, a working climate in which teamwork, further education opportunities and flat hierarchies occupy a special status. For Danish hospitals we're looking for medical practitioners specializing in the following areas:

- Radiology
- Pathology
- Psychiatry
- Neurology
- Rheumatology
- Family doctor

You get

- An interesting working environment which will challenge your professional qualifications and your creativity
- Time for the individual patient and his or her relatives
- An influence on decision-making processes
- A 37-hour week with flexible and family-friendly hours of work
- An intensive specialized Danish language course

To assist with your relocation, Danish hospitals will provide ongoing support to you and your family and assign you a personal contact. Your partner will also receive assistance in finding a job, help is provided in finding a residence, and mentoring is provided as well as help for all other practical matters.

Denmark is divided into five regions. They are in charge of running hospitals and (through collective agreements) managing the general practitioner system. The local government is in charge of providing prevention and healthcare services to the public. Hospital treatment is free of charge for residents in any region of Denmark, and emergency treatment is available to any person in need
