

**Are you a qualified/trained GP (specialized as a general medical practitioner/family doctor) and looking for a work life balance and a professional community and sparring then contact us**

The Region of Southern Denmark expects to employ further foreign GP's in 2016 or 2017 in our special 14 month trial/introductory positions. Within this position you will get a 6 month intensive language course and time mentoring a Tutor Practice to "retraining" to "become a Danish GP" and professional relevant training.

At the moment we don't have specific Tutor Practice to offer, but the possible positions will mainly be offered on the Westcoast or in the southern part of the Region.

If you are interested in a position or in hearing more about this, you are welcome to send your application or any questions you may have to Jørgen Uldall-Ekman, Workindenmark South, [jue@workindenmark.dk](mailto:jue@workindenmark.dk) who helps the Region with our recruitment. (+45 72223359)

It is important that you enclose a motivated application, your CV and any documentation from your specialisation (in English language). We also ask you to fill in our application form which Jørgen Uldall-Ekman is able to supply you with.

We are looking for candidates who are the best qualified according to the Danish GP system, doctors who have some experience as an independent GP and who have the potential to learn the language in a short period of time.

You can find more information in our recruitment folder. In our folder you also will find a description of "How to become a GP" in Denmark.

**The employment:**

The position is a 14-month evaluation/introduction residency with a working week of 37 hours.  
The gross salary is DKK 48,722.80 per month (before tax). From this salary, 5.17% (= DKK 2,518.97) will be placed in a pension scheme with the Physicians' Pension Fund. The employer pays an additional amount to the pension fund corresponding to 10.33% of the salary. On the salary, 12.95% holiday allowance is earned that can be paid out to you later.  
Average income for a Danish GP:  
Practice/clinic turnover approx. DKK 1.7 million.before tax.

**We offer you:**

In cooperation with Workindenmark and the municipality, we offer you:

- Assistance with getting a work permit, a residence permit, a licence, etc.
- Assistance within finding a place to live
- Assistance with establishing contact to public institutions, schools, banks, insurance companies, professional associations, etc.
- Language classes for your spouse/partner and children of a certain age
- Assistance with job search for your spouse/partner, if required.
