Join a chat with jobseekers

Recently, the option to use **Skype** to host chats between exhibitors and jobseekers during live events **has been discontinued**. The process of getting in touch with exhibitors and EURES country representatives more straightforward and user-friendly. **Jitsi** replaced **Skype** with **Jitsi**, another chat tool. Jitsi is already used for one-on-one job interviews.

To initiate the Jitsi chat with jobseekers, and **for your organisation to be visible in the listing 'Chat with exhibitors'** click on the button below.

JOIN CHAT WITH JOBSEEKERS

In the next step, you will be automatically redirected to the Jitsi interface where you can manage your chats with jobseekers.

- Now you can communicate using instant messaging (the 'chat' option). **You can also connect with jobseekers in a lobby.** Simply use the buttons at the bottom of the screen to switch between the different modes. If you cannot hear and/or see, click on the 'Settings' symbol to adjust your microphone and/or camera setup.
- Before they can reach you through the chat, **all jobseekers will be placed in a lobby** so that you are in control of your session. **When a new jobseeker wants to join your chat, you will see a message in the chat interface and you will need to take:**

If you would like to see who is waiting to join your chat, you can view a full list by clicking on the 'Participants' button in the top right corner. This will keep track of all users, including those joining or present in your chat (see below)
