

ICEHOTEL®

Coollest Job Ever: Ice Hotel in Sweden Looking for Waiters and Bartenders

We are looking for waitstaff to the world famous ICEHOTEL in Jukkasjärvi. Are you ready for a great Arctic adventure?

Take the opportunity to grow with us at ICEHOTEL – one of Sweden’s top attractions and mentioned year after year as a dream destination for people from all over the world. A hotel built from snow and ice from the Torne River with art created by chosen artists who travelled here from all corners of the world. Our business consists of both traditional warm hotel rooms and cabins, Icehotel 365 which is a hotel at night and an art exhibition in the day, as well as our seasonal ICEHOTEL which is open from mid-December to mid-April.

We are passionate about creating life enriching moments, and we live with the nature in everything we do. We arrange activities out in nature, and culinary food experiences in collaboration with carefully chosen subcontractors as a complement to the ice art.

Now we are looking for Waiters and Bartenders for the spring/summer- and autumn seasons, with good possibility to continue working even after that. Together we create unique experiences for our guests that visit us from all over the world. In every meeting with the guest your personality is important, and we strive to exceed our guests’ expectations!

Requirements

We are looking for someone with a couple of years’ experience working in restaurants and has good knowledge of English. We appreciate a genuine interest in food, the ability to work well in a team, and the wish to fulfil your work with energy and positivity.

Recruitment is ongoing so please send us your application today!
